

PHILOSOPHY FOR CHILDREN (P4C) LESSON ACTIVITY PLAN- QUALITY EDUCATION

Presentation By Sacide KOÇ

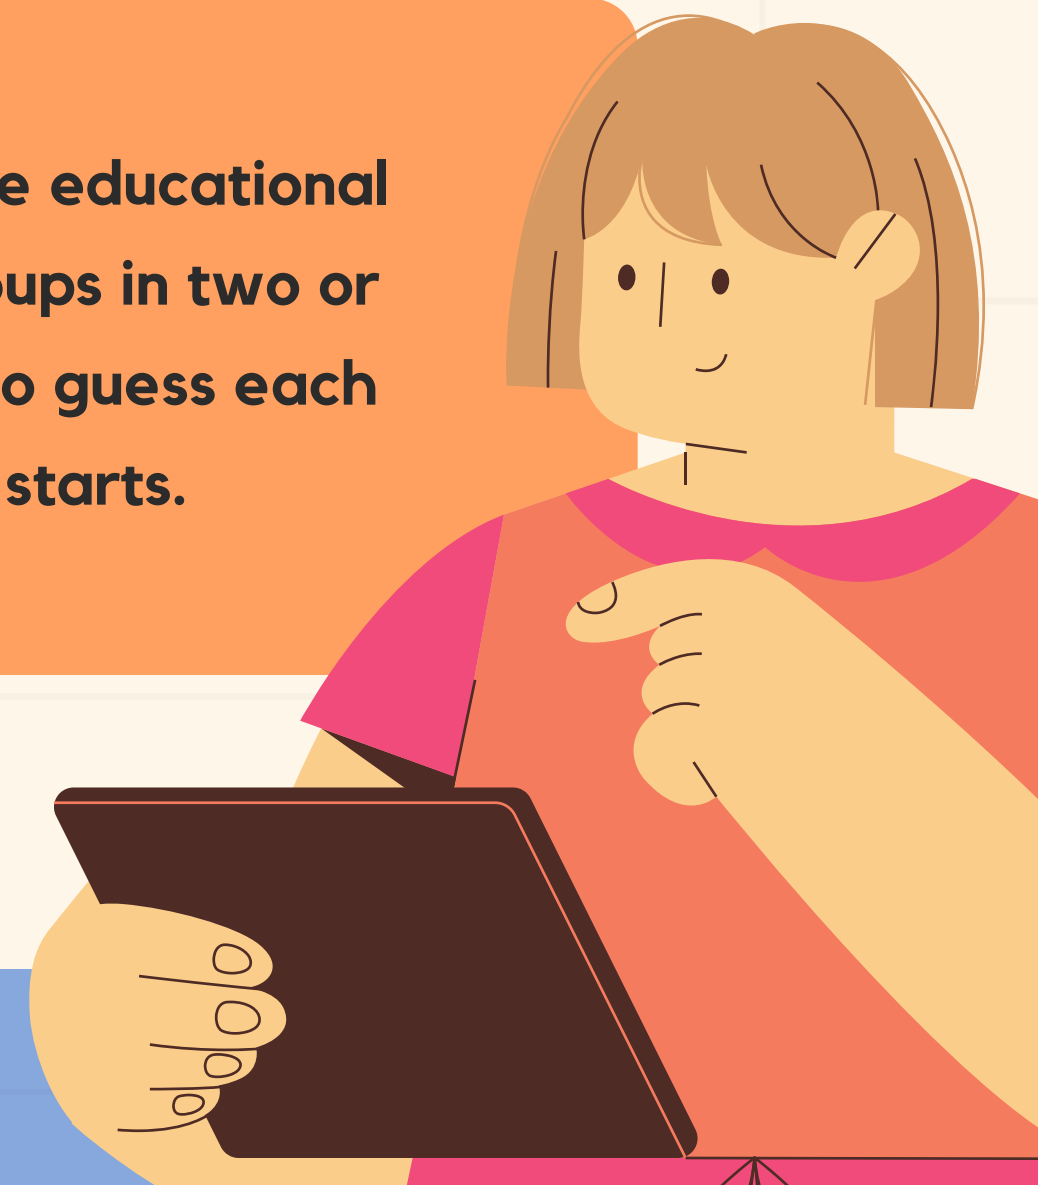

LANGUAGE SKILLS AND LEARNING OUTCOMES

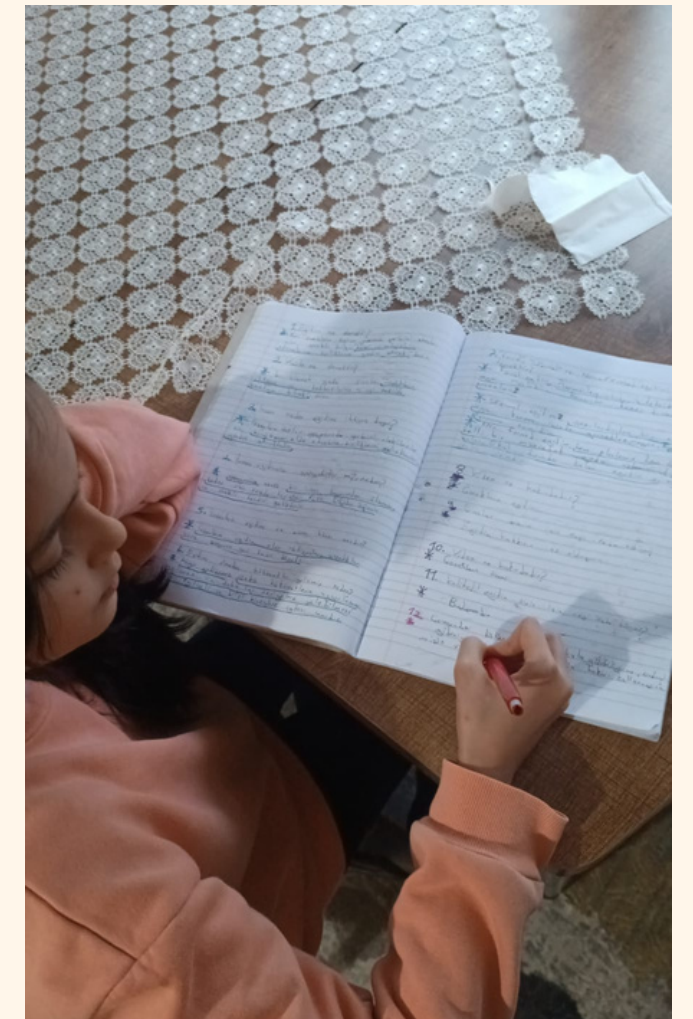

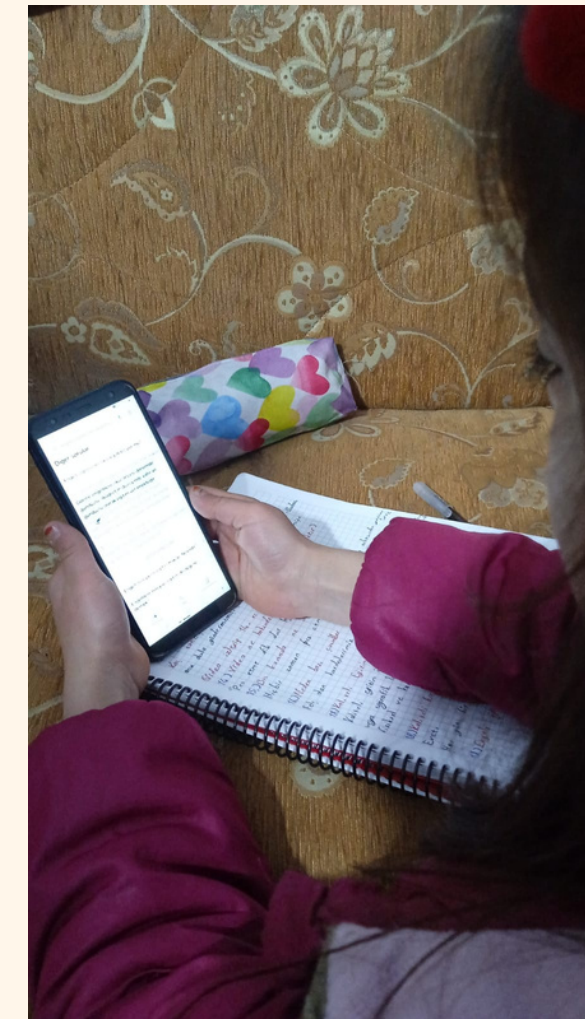

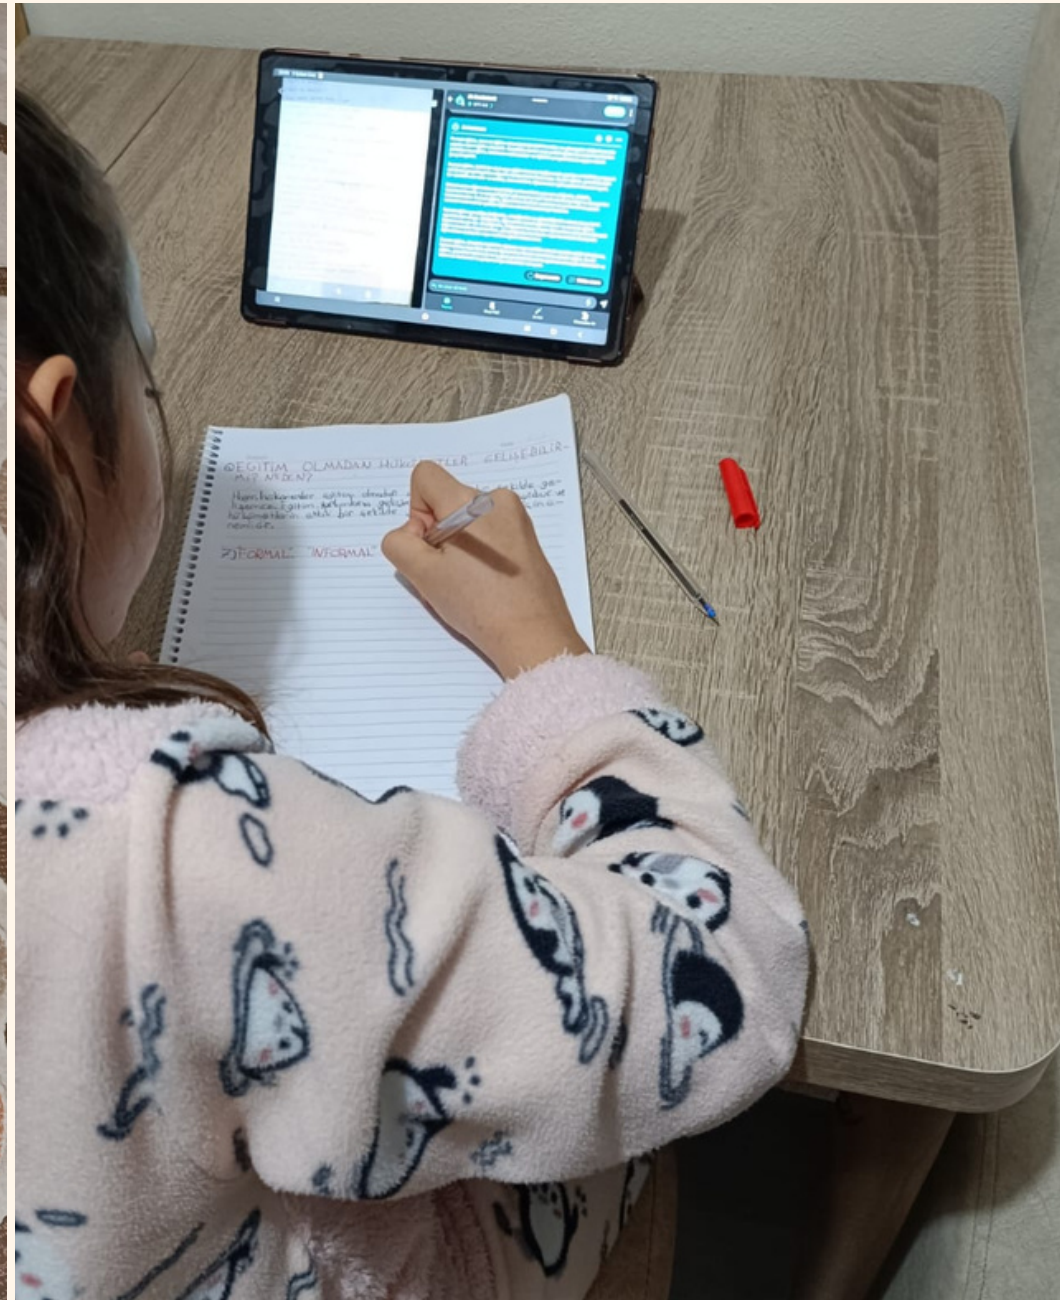

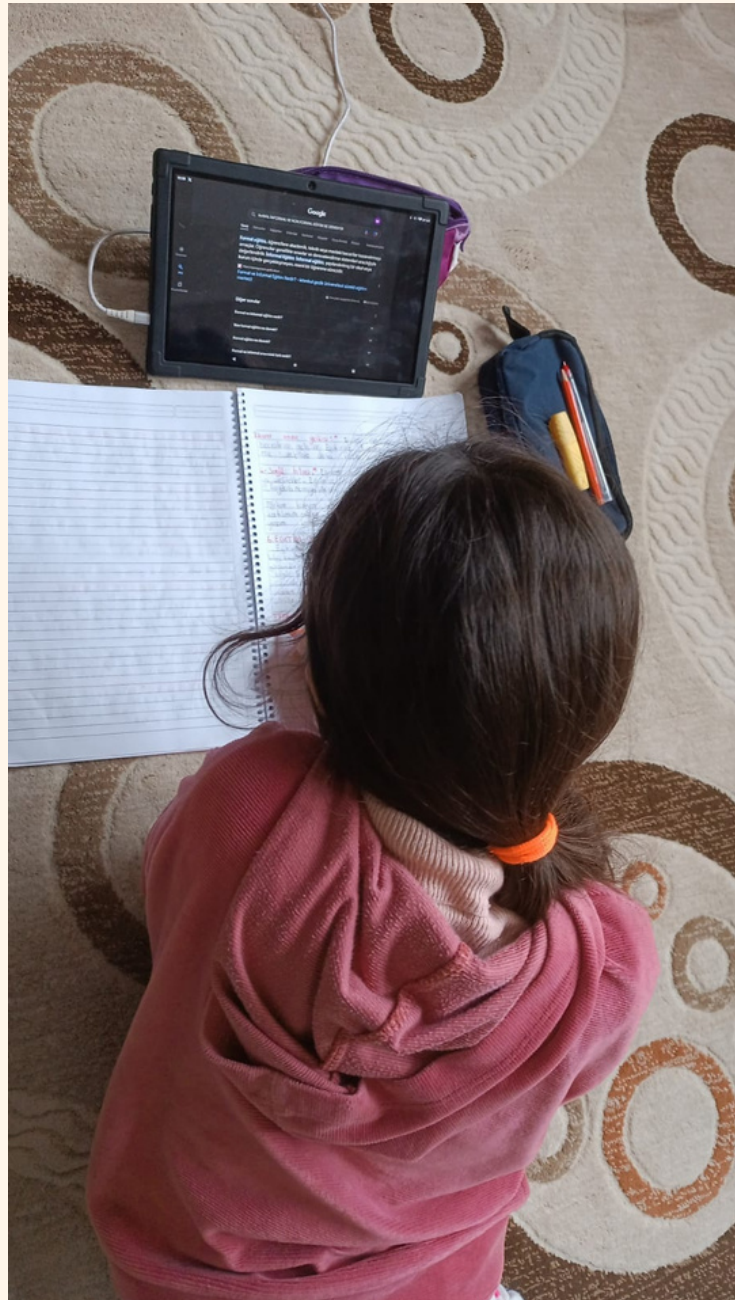

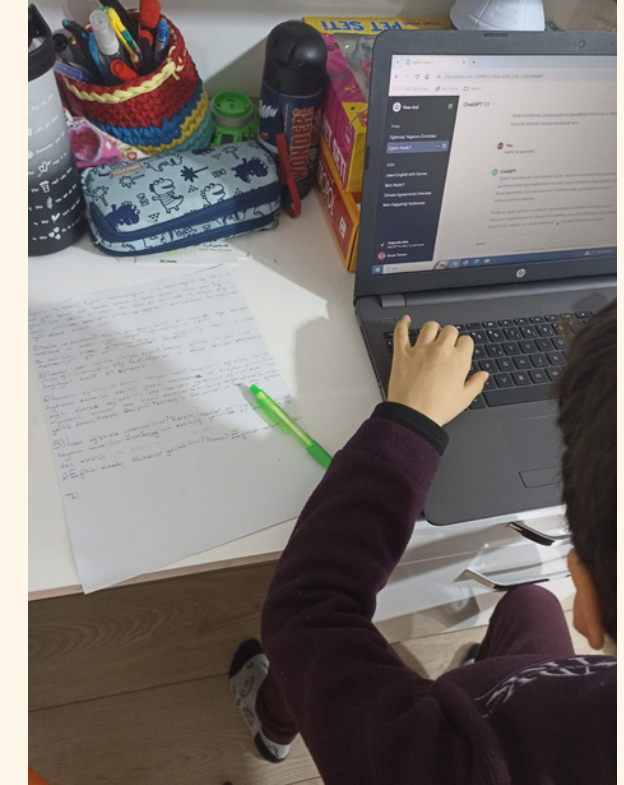

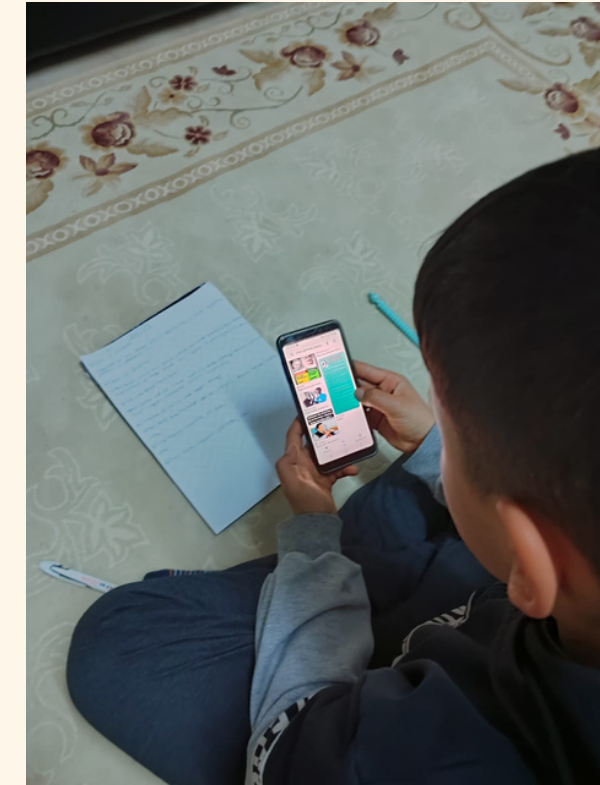

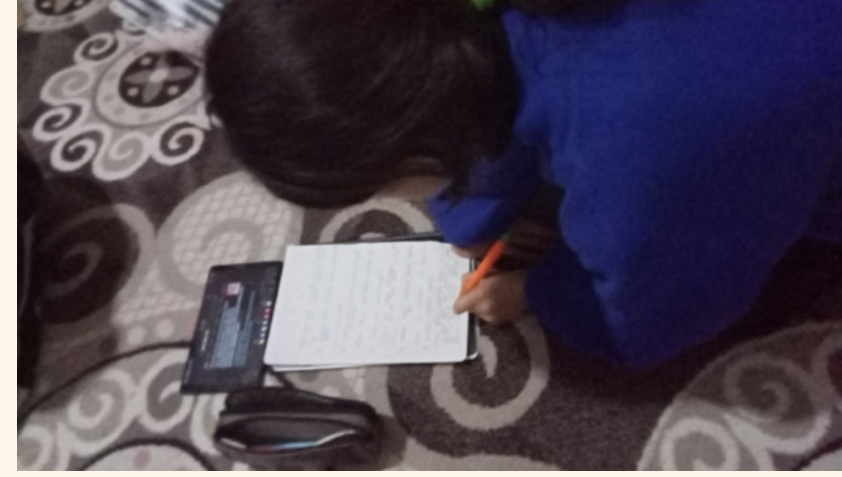

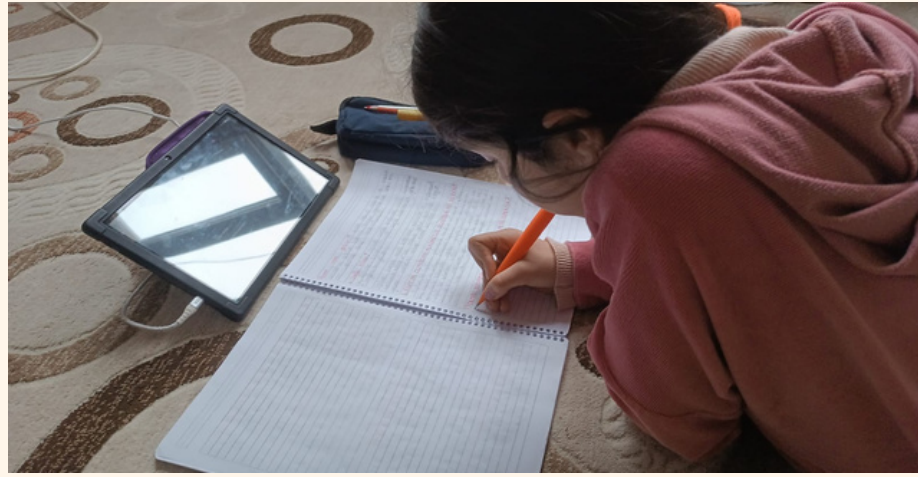

- 
- 
- 
- Students will be aware of quality education.
 - Students will be able to talk about education.
 - Students will be able to try to discuss education.

WARM-UP ACTIVITY

The facilitator wants students to look around them and ask them to say the educational objects around them. Then students play a guessing game. They make groups in two or three and each student writes the object in their mind and then they try to guess each other's object. Each student can guess twice and the other student starts.
